What can I do for you?

What can I do for you?

What can I do for you?

What can I do for you?

I can hear you

What can I do for you?

What can I do for you?

What can I do for you?

Never thought that I would wind up by myself

If I told my wild imagination

But right here, I am finding myself so lost

And there is a way, for me to turn back

All the things I see

They are different from

What I had imagined they would be

Everything looks different

Now I'm getting dizzy spells

Its real emotion, shakin' up the world

I'll never give it up

I don't ever want to

Lose this far

No more than I can do

When I am just too wrong

And in my heart I can hear you say,

That I am not alone

What can I do for you?

What can I do for you?

What can I do for you?

I can hear you

What can I do for you?

What can I do for you?

What can I do for you?

Never gonna look back, I'm already here

Cause you gave me faith

I'm on my own now

If anything happens, unexpectedly
I know you are there, to come and save me

What do I do now?
What can I do now?
For the truth that you have made me see
All that I can do now
Is believe in what I feel

It's real emotion, shakin' up the world
I'll be forever blessed, for you to stand by me
Thank you for
So many things you tell me
That's why I am here
You give me strength and now I know
That I am not alone

What can I do for you?
What can I do for you?

What can I do for you?
What can I do for you?
What what what
What can I do for you?
What can I do for you?

I can hear you
