fly to the bull
its rage is full
it will kill you
and i'll be set free - of your tyranny
in to my rage you will come
the pain you give - you will recieve
your heart - the bull will deceive
fly to the bull
cant you see
it's killing me
so let me be free - of your tyranny
in to my cage you will fly
be traped - our pain you will belive
your hurt - i will no longer recieve
fly to the bull
its rage is full
fly to the bull
its rage is full
it will kill
