It never threw me like this
Ignored
A head buried in the sand
To retort

If it ever came down
To be a man
Or break my fall

Peel back the skin again
So I know

And I wait, and I wait
To live this damn thing out
And I wait, and I wait
To be the thing I never was before

A head case
I can't refrain all of my flaws
Rebound or rationalize
Just to stall

Well, I'm well aware
And I think you care
From your easy chair

Remission is all
That I can't afford

And I wait, and I wait
To live this damn thing out
And I wait, and I wait
To be the thing I never was

And I wait, and I wait
To live this damn thing out
And I wait, and I wait
To be the thing I never was before

And I wait, and I wait
To live this damn thing out
And I wait, and I wait

To be the thing I never was

And I wait, and I wait

To live this damn thing out

And I wait, and I wait

To be the thing I never was before
