Tell me what you want from me
Well I'm not saying I'll believe
I could solve your mystery
But I would rather disagree
You know it I'd rather disagree
You say the truth will set me free
So how come you're comin' down on me
You think it's real if you can see
Well I don't take to that philosophy
'Cause you know I would, I would, I would, I would, I,
etc. rather disagree
Yeah, I would rather disagree
Do you see yourself inside of me
And do it take away your miseries
Am I just one more catastrophe, yah
I always say what I don't mean
Chorus
Don't feed me
I'm full
You know I'll starve
Before I fall
Don't bleed me
Don't bleed me
Even if you're right
Even if you're wrong
Even if you're right
Even if you're wrong
I would rather disagree...
