SAHARA NIGHT - F.R. David  
Spirit of the sands  
On vast and empty land  
Where no one belongs  
When the blue gets dark  
At the failing light  
Between moon and sun  
In the desert fields  
Fever's so high  
Makes me want to shout  
Sahara night  
Listen to the wind  
Bringing into your ears  
Music from afar  
You may hear the sounds  
Of a tribal dance  
Coming from the heights  
In the desert fields  
Fever's so high  
Makes me wanna shout  
Sahara night  
And stars screen  
The awful mystery of space  
With its weight of fear  
I now realise  
The hold it has on me  
I love to watch the sky  
Smiling at the stars  
Laying on the ground  
Gentle is the breeze  
Wish it never cease  
Soothing my mind  
In the desert fields  
Fever so high  
Makes me wanna shout  
Sahara night  
Oh, Sahara night  
Makes me feel  
Makes me feel  
So right
