[Rapper Big Pooh] This what they want right here  
Focus... This what they've been clambering for I think, I  
think we should go and give it to 'em mayne Yeah, uh,  
P-R.. P-R.. Let me take you on a journey through  
+Carmel City+ where P-R's God with the beats Pete be  
the king of the echo, lord of the horns +Half Man Half  
Amazin'+, I can go on and on +Mind Blowin'+ with the  
rhymes, +It's about time+ I +Get On the Mic+, gave  
Pete the proper shine Since way in '9-2, I've been  
inclined to check for everything P-R put his mind to  
Please +Don't Curse+, how to get the +Skins+ Who's  
+World+ is it? +Shut 'Em Down+ at the end Dilla  
idolised him, Jim Jones sufficed him 'Ye took a lot of  
notes, probably analyzed him No one's better with a  
James Brown sample Ain't too many better than,  
probably a handful Kids do your research, know where  
they get it from This goes out to +Soul Brother #1+,  
Pete Rock [Sha Stimuli] Pete Rock is in the house Pete  
Rock is in the house Back in the days we used to beat  
box Banging on the table the beat dropped And I would  
rap and act like that beat rock, it was Pete Rock's His  
heat rock laid the foundation like sheet rock For albums  
like "Detox" and crews like D-Block Had anything jazzy  
but street knocking with drums more than +Soul+ than  
Reeboks Bottom line, he's hot, he's not stopping it, he's  
still at it He brought life to "Illmatic", follow this Since  
+Down With the King+, the haters, he +Shut 'Em  
Down+ Told the hood +The World Is Yours+ and then  
made them +Jump Around+ No repeating with +The  
Main Ingredient+, it's been a long road It's like you  
stuck in some traffic hearing them horns blow His track  
record goes back like cornrows There's no other than  
the +Soul Brother+ We call him the creator, some  
would say he created one of the greatest Hip Hop  
beats made to this day As I +Reminisce+! [Kurupt]  
What? What? What? What? What? Did I hear this right?  
The excitement The mic's unorthodox, concocting  
oxygenated Pete Rock House a drum inferno, drum  
drama Switch it up, grab the mic to spit stupid dumb  
slama Verses of verbal vigilance to earn his respect  
Shake the world like quakes and never meet him in

debt Suicide wipe, the only two that I know that make  
me rock bottom to top is Pete Rock and Primo Piranha  
poetry, liquid lyrical content Kurupt and Pete Rock, Hip  
Hop's watchmen Just watch us, he blessed the whole  
game with his ethic Eclectic versions of musical diverse  
conceptions Like ILL.. must be electric His music's a  
weapon that cleans like antiseptic Just accept it, Pete  
Rock.. is the real.. Hip Hop
