Price / Peverett - Knee Trembler Music - ASCAP

Ridin' on the freeway, where the lights are dim,  
My chances of relaxin' are gettin' mighty slim,  
I close my eyes and wonder how long it's gonna be,  
I know I've got to travel, but the highway's killing me,

Looking out the window, not a thing to see,  
Only my reflection staring back at me,  
I close my eyes and wonder how long it's gonna be,  
I know I've got to travel, but the highway's killing me,

{Rod - Solo - verse}

I get so weary, how can I rest,  
The road is rocky and I feel so depressed,  
I close my eyes and wonder how long it's gonna be,  
I know I've got to travel, but the highway's killing me,  
Mmmm...mmmm....mmmm....mmmm

{Rod - Solo to fade}
