Peverett - Loentz Music - ASCAP

There's one thing baby I need to know, why you
changed the lock on your front door,
I keep tryin' but I never win, honey won't you let this bad
boy in?

It ain't safe to walk these streets alone, so I guess I'll
take the last train home,
Go back to my one room shack, but it's cold and it's
damp, I don't wanna go back.

Baby, let me rock your house, I just wanna rock your
house,
Baby, let me rock your house, I just wanna rock your
house.
Whoa oh ho-whoa-oh.

I get lonesome around midnight, well my nerves are
shakin' and my skin feels tight,
I can't go back, it would be a sin, so unlock your door
and let me in.

Baby, let me rock your house, I just wanna rock your
house,
Baby, let me rock your house, I just wanna rock your
house,
Whoa oh ho-whoa-oh - Whoa oh ho-whoa-oh. Oh!

{Rod - Slide Solo}

Rockin' in the kitchen, rollin' in the hall - Boogie in the
basement, bangin' the wall,
Let's take to the stairs and have a ball - Rock me baby
until I fall.

Baby, let me rock your house, I just wanna rock your
house,
Baby, let me rock your house, I just wanna rock your
house,
Baby, let me rock your house, I just wanna rock your

house,
Baby, let me rock your house, I just wanna rock your
house.

Let me rock your house, (rock your house) - Let me rock
your house, (rock your house)
Let me rock your house, (rock your house) - Let me rock
your house, (rock your house)
If it's all night long, (all night long) - If it's all night long,
(all night long)
If it's all night long, (all night long) - If it's all night long,
(all night long)
Gonna rock, (rock), rock, (rock), rock, (rock), rock,
(rock), rock, (rock), rock, oh.

Baby, let me rock your house, I just wanna rock your
house,
Baby, let me rock your house, I just wanna rock your
house,
Baby, let me rock your house, I just wanna rock your
house,
Baby, let me rock your house, I just wanna rock, I just
wanna roll.

{Rod - Slide Solo - 8 choruses}

Ah ha ah ha - Ah ha ah ha - Ah ha ah ha.

(Let me rock your house, thank you)
