In my own
Confused delusional
Free world and if this
Tryst never took place

OPEN YOUR HANDS
(I am)
ALONE IN THE DARK
(I am)
NEGATIVE SPACE
(I am)
FRIGHTENED

This face glued to
and still stuck in my head
Hold on to it
And I'll make you fucking feel this

Fall through, die out
Make sense out of chaos

Give you my own two hands
to fix this broken infant
Only to destroy the grown up
With the same fists

No matter where I am
The stars remain the same

I AM
NEGATIVE SPACE
