There's a silence full of stars  
For as far as I can see  
In the silence where you are  
Do you ever dream of me?

The moon is dark; the night is silver  
Wild perfume is on the breeze  
I feel the stars cold as forever  
Half as true as you and me

I'll be your friend; I'll be your lover  
I'll be whatever you ever need  
Right to the end, until it's over  
I swear to you, you can count on me

But my heart is breaking here tonight  
My soul is weary from the fight  
My God, I've tried and I've been true  
My love, I'm coming home to you
