People tell me I look like hell  
Well I am hell  
I got a torture-chamber orchestra and a delirium hotel  
I got a hallucination rattlesnake to twist my skills  
through  
You're my friend, but I'm gonna kill you.

Somebody's got to monitor all this darkness, darkness,  
darkness  
Somebody's got to locate the bomb. Dot com.  
Somebody's got to break out through the night so  
starless starless  
Those who would overthrow the status quo

Sold like smoke thrown into the sky, gotta cry, gotta  
cry, gotta go, gotta go, gotta go  
Target Arab Sheik MK ultra satellite blow up kill the  
pain, let it rain, let it rain  
I will disengage your mastery until all your love is  
blasphemy  
The I'll break in through you idiocies and twist your  
desire hideously  
And when you're the object of complete derision I'll  
make you a star on television  
Then if you want fame and it's greatest strength speak  
to my girl friday the thirteenth  
Got no background, got no files  
Come down the cable, Black Hawk, ground zero, no  
flight zone. All alone, all alone, all alone

This is a story which is based on a true story, which is  
based on a lie  
Don't jack with me, Sahied! I'm history.  
Don't jack with me, Lucielle, I'm gone, I'm gone, I'm  
gone.
