"Hurting Inside"

There are moments
That I feel I just can't go on
Wishing that you were here
Oh how I wish
You holding me close to you
Wispering those words I love you (I love you)

REFRAIN:

But baby you're not there
Like you were before
No words of love to hear
Can't smile anymore
Is it finally over
I can't wait any longer
Do you ever think of me
Coz baby can't you see

CHORUS:

That I'm hurting inside
All the tears I can't hide
Life is never easy without you baby
I want you to know that I'm hurting inside
The pain is deep inside (I can't mend it)
Wishing you would come to ease the pain
In my heart
Coz lovin' you just hurts deep inside

Empty moments
They just fill every part of me
Since you've been away from me
Give me a chance to say how much I care
Hold me close to you and let me through

REFRAIN:

But baby you're not there
Like you were before
No words of love to hear
Can't smile anymore
Is it finally over
I can't wait any longer
Do you ever think of me

Coz baby can't you see

CHORUS:

That I'm hurting inside
All the tears I can't hide
Life is never easy without you baby
I want you to know that I'm hurting inside
The pain is deep inside I can't mend it
Wishing you would come to ease the pain
In my heart
Coz lovin' you just hurts deep inside

I want you to know that I'm hurting inside
The pain is deep inside (I can't mend it)
Wishing you would come to ease the pain
In my heart
Coz lovin' you just hurts deep inside
