I don't know how

Or where to start

Here we're standing again

And I see now

From where we are

That our road has come to an end

Though we've come this far

I don't know why

But I still can't see who you are

Chorus:

I don't want you to cry

Don't want us to say goodbye

But I know that we're falling apart

I don't need your lies

And if you don't sympathise

Tell me how will I know who you are

It's too late now

We've gone this far

To see what's hidden within

Though we said that we'd never part

Maybe I've been trying too hard

To believe in love

I don't know why

But I still can't see who you are

Chorus

Don't worry

I promise

It's for the better

So, I think we should let it go now

And maybe we'll find love again

Chorus (repeat
