Bossalinie, a living legend

With physical evidence, the world, full of corruption

It's like a jungle sometimes, it makes me wonder

how I keep from goin under (how I keep from goin under)

It's like a jungle sometimes, it makes me wonder

how I keep from goin under (how I keep from goin under)

Random hits on the block, young homies packin glocks

Picture me a TRU villain, visualizin fools dyin quicker

Murder Murder's in the heart of every killer

Take a look into his eyes, it's evidence, of a homicide

Life gettin taken faster than the egg leave the womb

Consider me endangered cause I know I'm dyin soon

Twenty-five years incarceration if I pull it

Bring the yellow tape, haters cain't overcome my bullets

Went to jail, tryin to get paid, still on a rampage

Jumped behind some bushes, dodgin cops, another close shave

I'm bumpin heads with the reaper

On a daily basis, can't sleep, with nightmares of dead faces

And watch the man in the mirror, I don't trust him

Check his weapon, it's a shame he got his boy blood on
the muzzle

That's why I turn my head and leave him lonely, he
phony

He got the whole hood waitin on the ceremony

It's like a jungle sometimes, it makes me wonder

how I keep from goin under (how I keep from goin
under)

It's like a jungle sometimes, it makes me wonder

how I keep from goin under (how I keep from goin
under)

I take a deep breath as I blaze this green mixed with
hash

and trippin how the Outlawz smoked Tupac ashes

My homie Bad A\$\$ laid it down, he told me,

"C, real figures, gon' always be around

Livin in the minds and the hearts of the lost souls"

And much love to them Thugged Out Outlawz

Backstage, choppin game with Sean Dogg and Snoop
Dogg

and to my thugs in the grave, we miss y'all

I give a toast to you soldiers, you ain't die for nuttin

I read the Bible say, every death mean somethin

And TRU soldiers make the world go 'round

Picked up the black history book and can't seem, to put
it down

Black leaders gettin struck down at they peak

Open your eyes that an unliberated life is weak

And throw em up if you a soldier, I told ya

we'll burn this place down, cause them holocaust days
is over

It's like a jungle sometimes, it makes me wonder

how I keep from goin under (how I keep from goin
under)

It's like a jungle sometimes, it makes me wonder

how I keep from goin under (how I keep from goin
under)

It's like a jungle sometimes, it makes me wonder

how I keep from goin under (how I keep from goin
under)

It's like a jungle sometimes, it makes me wonder

how I keep from goin under (how I keep from goin
under)

Hmm, it's like a jungle out here baby (like a jungle out
here)

From the streets to the top of the world (the world)

It's changin, and you got the eye on you, you don't
even know

The eyes that's watchin yo' life, youknahmsayin, but
uhh

we gotta maintain youknahmsayin evade all the
problems

and danger brought on by accounts of struggle
(struggle)

in society, a.k.a. the streets, a.k.a. our enemies (out
enemies)

Black leaders (black leaders) keep doin what you doin
(ya heard?)

P (P) keep doin what you doin (keep doin what you doin)

Know me -- I'ma keep bein the mouthpiece, for the

hood

for the streets - cause I told ya, it's like a jungle baby

(straight up jungle) so keep it real (keep it real)

guard your grill (guard your grill) stay safe (stay safe,
ya heard?)

(peace, it's like a jungle baby, it's like a jungle)
