

Angelique Kidjo "Sing"

Visit "[Sing](#)" on MotoLyrics.com

This is a call for the national implementation
Of mother to child transmission prevention
Programme in all the maternity hospitals
In South Africa

Sing, my sister... sing!
Let your voice be heard
What won't kill you will make you strong
Sing, my sister... sing!

You don't need
To disrespect yourself again
Don't hide your light behind your fears
My women can be strong
You've known it all along
What you need
Is what you haven't found
So...

Sing, my sister... sing!
Let your voice be heard
What won't kill you will make you strong
Sing, my sister... sing!

Women are the mothers of the world, my friend
I tell you womankind is strong
Take your beautiful self up to the heights again
Back to the place where you belong
So...

Sing, my sister... sing!
Let your voice be heard
What won't kill you will make you strong
Sing, my sister... sing!

C'mon my sisters now
Sing loud and sing proud
Sing my sister... sing!
Use your voice to call out
Let your voice be heard
Use your voice
For freedom

Let your voice be heard
Everywhere you go
For freedom
Yes freedom

The generics...
We know azt globally
Call... azt we know it. it is protecting children from hiv
globally
Response... globally
Call... mtct
Response... protection
Call... we know nevirapine. it is protecting children from
hiv globally.
