chorus:

you're makin all the right moves  
saying all the right words  
making my heart attack my brain  
i'll never be the same  
your love is like a game  
i don't wanna lose you now  
cuz you keep makin all the right moves

hey yea oh

i think someone heard my prayer  
i can't believe that i'm not dreamin  
when i see you standing there  
i cant find words for what i'm feeling  
you're playin with my passion  
you're loving my reaction

chorus

boy the way i felt for you  
sometimes i'm too scared to mention  
but i wonder if you're confused  
to give you my love is my intention  
my world turns all around you  
i cant believe that i found you, you, you

chorus(2x
