Nasty, nasty lady mmm mmm

What do they see looking at you
Could they see a dare
Could they see a dare
Show them that you care
Gazing eyes and wondering minds are coming after
you
Coming after you, this is my dare

As you're standing there, as he steps your way, steps across the floor
Coming onto you here is what you do
Do exactly what I say
Nasty lady, show them what they really want
And follow me

CHORUS:

Say what they really want
Nasty nasty nasty nasty
And what they really need
Nasty nasty nasty nasty
Now listen to me sing
Nasty nasty nasty nasty
Now sing it back to me
Nasty nasty nasty nasty

Listen up boys, you should know our thoughts, believe me (?)

Something even more, Show them you can talk (?) Out to own you, they'll control your thoughts and haunted your dreams

As your standing there, as he steps your way, across the floor
Coming on to you here is what you do
Do exactly what I say
Nasty lady, show them what they really want
And follow me, my baby

CHORUS

And it feels so good, you can't let go Your body goes on and on You cannot hide the way you feel It makes you feel, It feels so real Ohhhhhhhhhhhhhhhhh

CHORUS

Nasty lady show them what they really want And follow me, my baby Nasty lady show them what they really want And follow me Ohh Nasty lady show them what they really want And follow me

Bring it on come to me if you're really nasty Let me know we can go if you want Nasty, c'mon I said nasty oohh Nasty, come on I said nasty oohh
