Wake up
It's 4 am
Looked up at my clock, started dreaming of you again
All the time you act so blind
I know you see your girl in heat feeling or reading
about it
Damn, you're such a nice hottie, love that body
I got it, how bout it boy toy
She doesn't need to know about us
And it wouldn't change a thing, I know
You're looking for the stable-not-going-anywhere-type

Don't stay out all night
Well, I don't care 'bout that much no...
I just wanna be your wish

Don't you wish if only for a night or two
All the things I'd love to do
New temptations calling you
Don't I wish that you will leave your woman's arms
Capture you with all my charms
Just to have my way with you

Da da da da da da da Hey da da da da da uh uh da da

Dear Guy
I'm never gonna ever be hurt no way
Gotta get home and down
Gotta do my things
I wanna be bad with you.
I, I, I, I
That's all, can't you see?
Be my man
Just one night, hold me tight
Mmm...Tighter and tighter

Til' I tell you to stop...
No, I didn't mean stop
I meant go, go, go, go...
Come to me

You're looking for the stable-not-going-anywhere-type
Don't stay out all night
Ohh I don't care 'bout that much no...
All I want is just one wish

Don't you wish if only for a night or two
All the things I'd love to do
New temptations calling you
Don't I wish that you will leave your woman's arms
Capture you with all my charms
Just to have my way with you

Love to do, love to do, love to do to you
All the things you do...
I know you wanna gimme...Oooh
Love to yeah yeah... No...
I feel it all up in my soul
You say you're gonna take me home with you
I don't know what to do
What the hell I'm gonna do...

Da da da da da da da da da da da da da da da da da
da da da da da da da da da da da da da da da

Don't I wish...

Don't you wish if only for a night or two
All the things I'd love to do
New temptations calling you
Don't I wish that you will leave your woman's arms
Capture you with all my charms
Just to have my way with you

Don't you wish if only for a night or two
All the things I'd love to do
New temptations calling you
Don't I wish that you will leave your woman's arms
Capture you with all my charms
Just to have my way with you
