Spoken*

Hey, Can I talk to you for a minute?

You see... It's not you

It's just...well...I've been in love before

And I've had my heart broken

I can't go through that again...you know?

If I let you in my world

Completely, would you let me down and break my heart?

Cause sometimes love can come and go

And I don't want to cry no more

So tell me boy...

CHORUS:

If I showed you how you control my mind

Would you hold it against me and take advantage of me?

And If I showed you how from within my soul

Don't take advantage of me cuz' my heart is tender

So tell me how are you feeling now

Just let me know

Will you stick around? (come on)

Forever...

We're in too deep to turn away

From what's meant to be

Let's let our love shine

Just be careful with my heart, no

CHORUS

Ooh, Ooh

Boy you got me (boy you got me)

So baby care for me (so be careful)

Tender that's me (tender that's me)

For you only (for you only)

But dreams don't hurt me

Baby, give me love

CHORUS 3 X (till fade)
