"Time Waits"

Do you ever feel like

your time is running out

Or have you ever felt like

the world is leaving you behind

Or have you ever felt so low at times

all frustrations you can't ever leave behind

[Chorus:]

time waits time waits

time waits for no one

time waits time waits

time waits for fucking no one

time flies but your not my kid anymore

and now you realize what was said and he said it for

a word of wisdom is worth more than all the money in
the world

but don't look back because I said that your time is
running out

[Chorus:]

time waits time waits

time waits for no one

time waits time waits

time waits for fucking no one
