I try to make it easy for you
But it never was
I'm not the man you dreamed of
Did you know this, we're growing apart
And we can't go back where we were
And we can't go back where we were

And I want you to know
That it won't take long
Til you find someone
And I know that it hurts
But we can't hold on
When what's left is gone

I wrote it in a letter for you
Maybe I should call
We haven't spoke in so long
We never wanted to be how it was
And we can't go back where we were
So we're left with what we've become

And I want you to know
That it won't take long
Til you find someone
And I know that it hurts
But we can't hold on
When what's left is gone
(2x)

Don't say that you'll be fine
Because I know you're not alright
Don't say that you'll be mine

And I want you to know
That it won't take long
Til you find someone
And I know that it hurts
But we can't hold on
When what's left is gone

And I want you to know

That it won't take long
Til you find someone
And I know that it hurts
But we can't hold on
