"I Miss You, I Love You"

I gave everything I had and still you turn away,
If it wasn't enough, nothing in this world will be,
Since you're living this life only for yourself,
Just know that I lived mine for you too,

I gave you the world and it wasn't good enough,
So I gave you my life and still you're not satisfied,
You say it's hurting you,
But I promise this hurts me more,
You're all alone and I've done all that I can do,

So you tell me it's way too hard to make it on your own,
You can do all things through me,
So why are you running away?
You're searching for the things that you're missing,
But the only thing you're missing is me,

I miss you,
I love you,
I've done all that I can do,

I've done,
My part,
Now it's up to you,
