"Like a Dream"

I'll hold on to tonight till the moon light fades from your
eye
Cause after tonight things just won't be the same
I'm wishing tonight that the sun won't reach the sky
If I loose this dream tonight I'll be the only one to blame

Stars in your eye are the only thing I see
How sweet it is when true life feels like a dream?

It's hard to hold on when everything is saying "let go"
But I'm so afraid that if I turn my back you won't be
there
You don't feel the same and your actions are telling me
so
You're driving off tonight and I just want you to know
that I care

Now I'm sitting here only able to realize one thing
The stars look much better when they're reflected in
your eye
Now I'm laying here just trying to go to sleep
Only one thought that tonight's one of the best I've ever
had
