I love my baby, she's so mean to me
Yes I love my baby, she's so mean to me
I'm gonna change my way of living baby, move across
the deep blue sea
You know you didn't want me baby, when you climbed
up
on my knee
You were drinkin'
moonshine
whiskey mama, tryin' to
jive
poor me
Yes I love you, yes I love you, yes I love, and I
don't care what you do
Brownskin woman, who might you're good man be
Brownskin woman, who might you're good man be
Say the reason why I ask you baby, you sure look good
to me
