"In My Shoes"

I'm fed up with expressing my appreciation
Cas every time I lose my concentration
it's been like this for several years
and every morning that I awake
I fight the temptation for the pill to take
My empty existence is killing me
My views on life are so narrow
It's like shooting fish in the barrel
Grab the gun but I still miss
My life in procreation is running backwards
Thanx to politics and society side kicks
and old people and there walking stix

don't you think it's easier to get on with your life
walk a mile in my shoes then you will see
I cant explain what it's like to be me
But on my neurotic shoes then walk a mile with me

Arrrrhhhhh [x4]

don't you think it's easier to get on with your life
walk a mile in my shoes then you will see
I cant explain what it's like to be me
But on my neurotic shoes then walk a mile with me

LETS GO....

don't you think it's easier to get on with your life
walk a mile in my shoes then you will see
I cant explain what it's like to be me
But on my neurotic shoes then walk a mile with me
