Call the police, 'coz things are getting ugly  
Get on your feet, I want you running with me  
Do what you like, say what you mean  
Do what you please

Ahhhh, we'll set the streets on fire  
And when it comes on top  
We'll give it lots of aggro  
We're giving it lots of aggro x2

Blood on the streets, you see the trouble happening  
Get on your feet, you see the crowds are gathering  
Do what you like, say what you mean  
Do what you please

Ahhhh, we'll set the streets on fire  
And when it comes on top  
We'll give it lots of aggro  
We're giving it lots of aggro x4
