Ever feel so small
Stood in a world that owes you nothing at all
Concrete up to the sky
And a million people living a lie [x2]
Living a lie
Living a lie
Living a lie

So sing along
With the Elephant Song
So sing along
With the Elephant Song

Ever feel so small
Stood in a world that owes you nothing at all
Concrete up to the sky
And a million people living a lie
Ever feel so small
Stood in a world that owes you nothing at all
Concrete up to the sky
And a million people waiting to die
A million people living a lie
A million people waiting to die
A million people living a lie

So sing along
With the Elephant Song
So sing along
With the Elephant Song
So sing along
With the Elephant Song
