CHORUS:(Repeat twice)

(Mac)

Now when I step on the set  
They say he did that  
Pull up in the six hundred stretch  
They say he did that  
Presidential wit the baggages  
They say he dad that  
He did that, (no limit)  
He did that.

(Mac)

I got a house with a pool in the back  
And every girl I used to know she tryin' to do it wit Mac  
And even the ones with them big ol' butts  
They become sluts when a nigga ball  
Feelin' small cause my middle finger at y'all  
Can I ball?, let me take y'all niggas back in '96  
When I was two seconds from robbing niggas for they  
shit  
Bustin' niggas in they shit  
Privileges from me and my niggas,  
til this day ain't nobody seein' my niggas.  
There was a line between the real and the fake  
But it's gotten thinner, everybody's a pretender  
Even people I'm kind ta',  
Bitches in my hood yellin', "Where them dollars at?"  
"Bitch get's yours!" is what I holler back, cause I'ma  
mack  
Hey, yo Mr Big Paper, you wanna get wit that, don't  
you?  
You ol' dog, always take the girls how much I called you  
How I be jockin you,  
but you don't be telling them hoes how I be knocking  
you  
Get in them pants and give it to my naggas to

CHORUS:(Repeat twice)

Now when I step on the set

They say he did that  
Pull up in the six hundred stretch  
They say he did that  
Presidential wit them baggetes  
They say he did that  
He did that, (no limit)  
He did that

(Silkk the Shocker)

When I roll up in the stretch, They be like "He did that"  
You know there's money involved, we gotta flip that  
Tell whodi in the back, I'm tryin' to get that  
I'm tryin' to do something to see if she's wit that  
So won't you wobble wobble  
And watch her shake it shake it  
Then drop it drop it, then break it break it  
Then I whisper in her ear and tell her what I'm trying to  
do  
Cause I'm a thug girl, even though chicks might find  
me cute  
Fate, I doubt that, me and my soldiers about that  
We cock locks and drop the top and hop up out that  
Catch me ridin' up in a 4 door Bentley  
This chrome look good on 19 but even better on 20's  
Tattooed up, this is my click and we a bunch of fools  
Boy ya'll gone floss with your lil' jewels,  
we make y'all put y'all jewels up(bling bling)  
Lil' Tigger we gon bent that  
Them call for small for me and my dogs  
Them boys goin' to stretch that.

CHORUS:(Repeat twice)

Now when he steps on the six  
They say he did that  
Pull up in the six hundred stretch  
They say he did that  
Presidential wit them baggets  
They say he did that  
He did that, (no limit)  
He did that
