Rap:

Here kitty kitty kitty, where the funk is that cat?

There you are feline charm, sauntering through the hood

Seeking to disarm a wayward tom with wily wit and chat

Another mouse in a trap of my kitty cat

But you're oh so much more than a kitty 4x

Rap:

Could it be the way you're smiling over me

Can it be the laughter in your eyes

I grew so fast but I've never gotten over you

I know you are the saviour in my life

Cause you're oh so much more than a kitty 4x

Chorus:

All I need, is all I want

All I want, is all I need

All I need, is all I want is understanding

Rap:

To touch, to taste, to hear, to see, to hear

To have, to hold, to lose control

To love, to hate, to fear, to be, to live, to die

To say goodbye

Chorus

Rap:

Im gonna teach you a lesson one you shant forget

How to forbear pleasure in mine absence

I am devine, so shall you be exhalted by all my little

kitty

I am devine, so shall you be exhalted by all my little

kitty
