You are one in a million

You don't know how I feel  
Just try to realize our love is truly real  
To me it's paradise

You got it going on  
There's nothing never wrong when I'm with you  
Tell me, what you feel inside  
When you look into my eyes, can't tell no lies

You're the one that I want, we are meant to be  
I have never felt so free and I know it for sure  
Heaven's missing an angel tonight  
Missing an angel

You are one in a million

You're the one, yes I believe in love  
You are one in a million, you are one in a million  
You're the one, yes I believe in love  
You are one in a million

When I'm alone with you, girl  
All I wanna do is take our time  
Let's take of all our clothes  
Kama Sutra every pose until it's right

You're the one that I want, we are meant to be  
I have never felt so free and I know it for sure  
Heaven's missing an angel tonight  
Missing an angel

You are one in a million

You're the one, yes I believe in love  
You are one in a million, you are one in a million  
You're the one, yes I believe in love  
You are one in a million

You are one in a million  
You are one in a million

Yes I believe in love  
You are one in a million

You don't know how I feel  
Just try to realize our love is truly real  
To me it's paradise

You're the one that I want, we are meant to be  
I have never felt so free and I know it for sure  
Heaven's missing an angel tonight  
Missing an angel

You're the one, yes I believe in love  
You are one in a million, you are one in a million  
You're the one, yes I believe in love  
You are one in a million

You take me to paradise in love with your angel eyes  
I wanna be always by your side  
You take me to paradise, I want you to realize  
I've got to be with you every night

You take me to paradise  
You are one in a million, in love with your angel eyes  
I wanna be always by your side  
You are one in a million baby

You take me to paradise, I want you to realize  
I've got to be with you every night  
Yes I believe in love

You take me to paradise, I want you to realize  
I've got to be with you every night  
Yes I believe in love

You take me to paradise, I want you to realize  
I've got to be with you every night  
Yes I believe in love
