How long will I last

Standing out here on my own

I wonder, did I move too fast

You know I hate slow dancing alone

I keep leading with my heart

You keep saying
That we're worlds apart
That our love is so taboo

These empty arms

Won't last too long

Hope you appreciate

I need your unabbreviated love

and I'll stick like glue

Can I anticipate

I need your unabbreviated love

Now, that's how I feel

I'm gonna be your lucky star

If you start spinning your wheels

And sending out these false alarms

One must love feel like a heart attack

You had me once and
You keep coming back

Oh you haven't got a clue

Oh these empty arms
Won't last too long
Hope you appreciate
I need your unabbreviated love
and I'll stick like glue
Can I anticipate
I need your unabbreviated ...

Love is unavoidable

Love can put you back on track

As a matter of fact

Love makes you forget your troubles

A love like that

You don't throw back, no, no

I keep leading with my heart

You keep saying

That we're worlds apart
That our love is so taboo

These empty arms

Won't last too long
Hope you appreciate
I need your unabbreviated love
and I'll stick like glue
Can I anticipate
I need your unabbreviated love

(to fade)

Need ya yeah

I wanna hold ya

I wanna kiss ya

I need your unabbreviated love

I wanna hold ya

I wanna squeeze ya yeah

I need your unabbreviated love
