"Communication"

For twenty four years
I've been trying to believe and confide in different
people I found others

Some of them got closer than
And some wouldn't even bother
And then you came around

I didn't really know what to call you
You didn't know me at all
But I was happy to explain

I never really knew how to move you
So I tried to intrude through
The little holes in your veins
And I saw you

But that's not an invitation
That's all I get
If this is communication
I disconnect

I've seen you I know you
But I don't know how to connect
So I disconnect

You always seem to know
Where to find me
And I'm still here behind you
In the corner of your eye

I never really learnt how to love you
But I know that I love you
To the hole in the sky
Where I see you

And that's not an invitation
That's all I get
If this is communication
I disconnect

I've seen you I know you
But I don't know how to connect
So I disconnect

Ohhh ohhhhh
I'm right beside you
In the corner of your eye
So if u want me

Well this is an invitation
Its not a threat
If you want communication
That's what you get
I'm talking I'm talking but
I don't know how to connect

And I hold the record for being
Patient with your kind of hesitation
Ohh
I need you
You want me
But I don't know how to connect
So I disconnect
