When you go through a day
And the things that people say
They make you feel so small
They make you feel that your heart will just never stop
breaking
And when you just can accept the abuse you are taking

Darling, reach out for me
Don't you worry I'll see you through
You just have to reach out for me
I'll be there and I'll comfort you
Oh yes I will comfort you and love you

When good friends prove untrue
And the thing they do to you
They make you feel so bad
They make you feel that you haven't a reason for living
So when you feel you could throw in the towel and just
give in

Darling, reach out for me
Don't you worry I'll see you through
You just have to reach out for me
I'll be there and I'll comfort you
Oh yes I will
Reach out for me
Don't you worry I'll see you through
You just have to reach out

Reach out for me
I'll be there and I'll comfort you
I'm gonna love you

When you go through a day
And the things that people say
They make you feel so small
They make you feel that your heart will just never stop
breaking
And when you just can accept the abuse you are taking

Darling, reach out for me

Reach out for me
You just have to reach out for me
Don't you worry I'll see you through
Reach out for me
I'll be there and I'll comfort you
Yeah comfort you and love you
How I'm gonna love you
You just have to reach out
Reach out
