I'm in a sea of illusion
Washed in confusion and pretence,
I thought that I was a winner
Now you weaken my defence
I feel the storm inside
There's so much I should say
But I can't find the way

I'm sick of looking in the mirror twice
When I need reminding who I am
You got those eyes that look right through me

You are the only one who hears my cries
You bring me from the darkness to the light
I'm swimming against the tide
You can calm the storm inside

These changes have to be violent
I have been silent for so long
You gave me back my own voice now
I have no choice but to go on

Tomorrow never comes
The past gets in the way
I'm stuck here and today?

I'm sick of looking in the mirror twice
When I need reminding who I am
You got those eyes that look right through me

You are the only one who hears my cries
You bring me from the darkness to the light
I'm swimming against the tide
You can calm the storm inside

Oooohhh ohhh ohhh
Ohh ohhh ohhh ohhh ohhh
Ohhhhhhhhhh???

You got those eyes that look right through me
You are the only one who hears my cries

You bring me from the darkness to the light
I'm swimming against the tide
You can calm the storm inside

The storm inside
The storm inside
The storm inside
