I pick up what's left of my broken heart

I pack it all back in the trunk of my car

and follow the white line,

til I'm feelin fine again

I let the rain drown my sorrows tonight

but when I wake up, I let the light

try to convince me,

I'm back on my feet again

It's not about you

I'm finally walkin

I'm singin inside

I can't hear ya talkin

and you can't believe it's true

It's not about you

I do what I can not to turn back now

I've come this far and I know somehow

so I'll keep on lookin til I find me again

It's not about you

I'm finally walkin

I'm singin inside

I can't hear ya talkin

and you can't believe it's true

It's not about you

I'm gonna drive all night

sort through this thing til I make it right

you can't believe it,

can't even believe it's true

it's not about you

it's not about you

It's not about you

I'm finally walkin

I'm singin inside

I can't hear ya talkin

and you can't believe it's true

It's not about you

I'm finally walkin

I'm singin inside

I can't hear ya talkin

and you can't believe it's true

It's not about you

I'm finally walkin

I'm singin inside

I can't hear ya talkin

and you can't believe it's true

It's not about you

It's not about you

and you can't believe it's true

it's not about you
