Caught myself worrying again today  
Seems like it's always something, something I can't  
change  
I'm either looking back, haunted by regret  
Or finding trouble with tomorrow that hasn't even  
happened yet

Everyday the choices just keep on comin' up  
And I know it all comes down to fear, oh Lord  
And I surrender myself to what the future will bring  
Well, I'm just trying to do the next right thing  
I'm just trying to do the next right thing

Every time I try to be a man I wanna be  
There's a world of sweet temptation calling out to me  
And there's that voice inside that whispers sweet and  
low  
Always waiting to remind me of all the truth I already  
know

Everyday the choices just keep on comin' up  
And I know it all comes down to fear, oh Lord  
I surrender myself to what the future will bring  
Well, I'm just trying to do the next right thing  
I'm just trying to do the next right thing

I surrender myself to what the future will bring  
I'm just trying to do the next right thing  
I'm just trying to do the next right thing  
Yes, I'm trying to do the next right thing  
Oh, I'm trying, trying, trying, trying to do
