Is it impossible to let it all go, with you're heels real high and the bass real low usually I'm interested but it feels like a bad investment, and all I know is damn she fine but she ain't mine so, I'm suppose to be uninterested but I want her so bad

Yeah and baby lookin' fine as muthafucka, I say jump and these hoes start double dutchin', and even though I gotta girl I confessed it, they throwin' it at me I don't request it gettin' blow, hit the road now they wanna meet up, I'm screamin' time is money I'm never freed up, when from dancin' on the couch to kickin' my feet up, she pushin the D's up, I'm tellin' her ease on down let the Roseau hit her, sweet success like I'm on scene wit' er oh, girl you want me to give it to yeah but I can see right through yaah
