You know I keep a cannon  
Wherever I'm standing  
First get the stamin  
Burst get to blamin  
Wallets get to dropping  
Purses get to handin  
Shots get to choppin  
Church get to jamming  
(Pray bitch) it's militia  
Toast to the g game  
Twist a nigga, rope em up  
Tryna hang how we hang  
Give me an evil eye  
This isn't my planet  
Wasn't intended ended if it hit and then it landed  
Ballers on they're new court  
Niggas move when I move  
You could talk what you port  
I'm a shoot when I move  
Actin like a dick head  
Betta keep it whipin  
This is a new era  
My whole teams fitted  
It's M up till I'm M down  
Niggas see the logo  
I ain't got it in me to kill em, how do they know so  
Never saw me bang out  
But truthlessly, ruthlessly, with the ooz you bruise  
profusively, groosemly  
Till you drain out

You know I keep a cannon  
They waiting for my wake so I sleep with the cannon  
I creep with the cannon  
Cause I be stackin money, niggas be actin funny  
So I be actin dummy  
I eats with the cannon, I shits with the cannon  
Comma, cannon, Obama with the cannon, osama with  
the cannon  
I'm affiliated with the drama, with the cannon, I'm  
affiliated when it's

Drama, get the cannon

Why am I violent  
Silent in my moment  
All of my components  
Will never be opponents  
Only thing I trust, cory gunz got a loaded  
If they don't pay respects, why I send you a condolence  
In case you didn't notice  
Nigga this is my time  
Front and get your back ache  
Tryna run on my nine  
Put the bread on your head  
Enough for you to wonder  
How I turn a beauty rest into one that you do under  
Typical, despicable, irresistible, criminal, intentional,  
gimmical, mental  
Conventional, lyrical, subliminal, instruments,  
sentimentalist, send ya  
Mentalist and ventriloquist, all the fibulous you  
blunder

You know I keep a cannon  
They waiting for my wake so I sleep with the cannon  
I creep with the cannon  
Cause I be stackin money, niggas be actin funny  
So I be actin dummy  
I eats with the cannon, I shits with the cannon  
Comma, cannon, Obama with the cannon, osama with  
the cannon  
I'm affiliated with the drama, with the cannon, I'm  
affiliated when it's  
Drama, get the cannon

Gimme some room  
Got the pump with the strap  
So the strap is the pump  
Ju-ju-jump at the jack  
Got the cannon for drama  
Call that drama with cannon  
Gangsta grillz on yo bitch asses, ya'll understanding  
We don't be giving a fuck  
We be giving it up  
It's militia till dust  
Nigga stick or get stuck
