If looks could kill you'd be a murderer  
They say hindsight's 20/20  
But your eyes are always stunning  
It's a tragedy, I'm a casualty  
Cause you fell in love with me  
(In love with me)

Hurt before some years, you just had to get me  
Everytime I went out my past wouldn't let me  
Called me 4 times, a couple more times  
Your body is off the hook, so is my phone line  
I wouldn't act distant if you weren't persistent  
On being crazy bitch that's why I'm acting different  
Run and tell all your friends I'm a dickhead  
And then tell every girl in the world how good  
The sex is

If looks could kill you'd be a murderer  
They say hindsight's 20/20  
But your eyes are always stunning  
It's a tragedy, I'm a casualty  
Cause you fell in love with me  
(In love with me)

You can't take your eyes off me [x2]

You got everything you wanna  
But you can't have me too, too

You can't take your eyes off me [x2]

You got everything you wanna  
But you can't have me too too too

Despite your best intentions, they were your worst  
mistakes  
Girl you eat attention in the worst ways  
You thirsty and no I won't stay another minute  
How you'd think I wouldn't end it  
You ain't got an ounce of confidence in you  
And I don't have the time to begin to explain

Everythings that's on my brain  
Cause it's obvious you aint gonna change

If looks could kill you'd be a murderer  
They say hindsights 20/20  
But your eyes are always stunning  
It's a tragedy, I'm a casualty  
Cause you fell in love with me  
(In love with me)

You can't take your eyes of me [x2]

You got everything you wanna  
But you can't have me too, too

You can't take your eyes of me [x2]

You got everything you wanna  
But you can't have me too too too

You've gone of the deep end [x4]

You can't take your eyes of me [x2]

You got everything you wanna  
But you can't have me too, too

You can't take your eyes of me [x2]

You got everything you wanna  
But you can't have me too too too
