My teeth ache just to touch you
Feel the warmth beneath your skin
You quench the fire inside my soul
You stop my bones from burning

If it were not for you
I would burn into
Ashes... ashes and just fall down

If there's any doubt in your mind
Let it be put to rest
I would die for you I'd die for you
You can put it to the test

I'd die for you
As the ocean shines true blue
I'd die for you
As the river rambles on it's course is true
I'd give up my last breath and die fro you

It's a privledge just to gaze upon
The ground beneath your feet
See the wind flow through your hair
Breath the air that you breath

If it were not for you
I would burn into
Ashes... ashes and just fall down

If there's any doubt in your mind
Let it be put to rest
I would die for you I'd die for you
You can put it to the test

I'd die for you
As the ocean shines true blue
I'd die for you
As the river rambles on it's course is true
I'd give up my last breath and die fro you

What do I know... maybe I don't know a thing (x2)
There is one thing that I know for sure
But I don't think that I've told you this... before

I would die for you
