I met a girl last night  
Had her stuck to my side  
Drunk, smokin, top flight

We was twistin up the papers too  
I rarely drink now-a-days  
But t'nights for you

Took her home  
said she loved my cologne  
So she asked for my shirt  
She put it on n' I take it off  
Skins baby soft  
Let me fuck you rough  
Trust me girl skinny dudes throw the dick tuff

I'm crafty  
Up inside the club like its Miami  
I'm at it  
I had to know if we are common habits

I'm swift  
With my actions  
And honest with attraction  
Call em how I see em  
And I want you on my mattress  
Match this

Gotta whole jar full  
Smokin purp  
Damn your funny personality is what makes it work  
And you can spend your whole life try'n to find the one  
Or you can come spend the night and we can have  
some fun

chorus  
sloww down  
its just my luck again  
she wanna light up in bed (yeah)  
she wanna light up in bed (yeah)

i gotta bring it

i gotta bring it  
i gotta bring it  
i gotta bring it in bed (yeah)  
She wanna light up in bed (yeah)

Ive got some medical  
That we can blow  
You can be my nurse

My house is the hospital  
Lock the door  
Rub me down  
If we were high it'd feel better then it does right now  
Better then it does right now

You see, I always break her off proper  
Sex n smokin  
Gettin higher then some helicopters  
Keep it low key  
Like a secret shopper  
I got the best trees  
Kiss me bitch! Love doctor

So exquisite  
Like a cigarette  
Your sweet too  
Let me taste your licorice  
Take a break for a minute  
We aint finished yet  
Go until we pass out  
Let's see how fuckin high we get

chorus  
sloww down  
its just my luck again  
she wanna light up in bed (yeah)  
she wanna light up in bed (yeah)

i gotta bring it  
i gotta bring it  
i gotta bring it  
i gotta bring it in bed (yeah)  
She wanna light up in bed (yeah)

sloww down  
its just my luck again  
she wanna light up in bed (yeah)  
she wanna light up in bed (yeah)

i gotta bring it  
i gotta bring it

i gotta bring it  
i gotta bring it in bed (yeah)  
She wanna light up in bed (yeah)
