I L.O.V.E.

T. Mills and Captain Midnite on the beat  
The Finders Keeper EP

And yo I'm doin it solo like Hans  
Unique over beats so you know I drop bombs  
Bitch look me up, tattoos in my palms  
So I'm gettin wetter than a fish in a pond  
But I play it safe, always wear a condom  
Lifestyles tend to break so I rock Magnums  
Yo I ain't from the bay but I make her go dumb  
She said Mills I ain't gonna stop til I make you cum

You can love me or you can hate me  
You can fuck me or you can date me  
Call me asshole or call me baby  
I don't really care it's all the same thing

2x

I got a style so pure it'll leave your face numb  
High off my lines over snare and bass drums  
Hooked to my hooks you can't help but listen  
And everything's better with some kush in my system  
If life is a bitch then I got a trophy wife  
And I just wanna get some cut like a knife  
Hey girl what's up for tonight  
Cause I wanna see what it's like from the inside

You can love me or you can hate me  
You can fuck me or you can date me  
Call me asshole or call me baby  
I don't really care its all the same thing

2x
