Listen when you drive
Let the music get you high
And lets ride, lets ride, lets ride
You can see it in your eyes
steady cruisin' through the night
And lets ride, lets ride, lets ride

Just Listen when you drive
Let the music get you high
And lets ride, lets ride, lets ride
You can see it in your eyes
steady cruisin' through the night
And lets ride, lets ride, lets ride

I got a lot of things I need to figure out
Hop in the front seat and empty this grape swisher out
Cold in my blunt seat, never roll the windows down
Front side bens quick the trip is near started now
Four wheel coastin'
Goin' lean my seat back
Drunk driving music
Open up that six pack
I dont know what traffic is
They dont know what traffic is
They dont know where Travis is
Probably on the road where camp, causin' havoc its
summer time bitch
Picture me rollin
I do what i please and I live in the moment
Im just a young favorite
hear my vocie and savor it
The open road is much like home
And i love it like it rasied me

Just Listen when you drive
Let the music get you high
And lets ride, lets ride, lets ride
You can see it in your eyes
steady cruisin' through the night
And lets ride, lets ride, lets ride

Just Listen when you drive

Let the music get you high
And lets ride, lets ride, lets ride
You can see it in your eyes
steady cruisin' through the night
And lets ride, lets ride, lets ride

I aint stoppin 'til I have to
Everybody buckle up its gonna be a fast one
Yeah I see those red lights
Im fellin gon' blast 'em
We all got the red I space side like NASA
Grip the wheel tight When Im swervin
We just hot boxed the suburban
See the smoke pourin out 'cause we burnin'
This is the shit you forget after learnin'
But you know who taught it to you first
Picture me rollin'
I do what I please and I live in the moment
We got all the time to waste
Bank accounts and half a tank
We movin'
We movin'
We on our way

Just Listen when you drive
Let the music get you high
And lets ride, lets ride, lets ride
You can see it in your eyes
steady cruisin' through the night
And lets ride, lets ride, lets ride

Just Listen when you drive
Let the music get you high
And lets ride, lets ride, lets ride
You can see it in your eyes
steady cruisin' through the night
And lets ride, lets ride, lets ride

Just Listen when you drive
Let the music get you high
And lets ride, lets ride, lets ride
You can see it in your eyes
steady cruisin' through the night
And lets ride, lets ride, lets ride

Just Listen when you drive
Let the music get you high
And lets ride, lets ride, lets ride
You can see it in your eyes
steady cruisin' through the night
And lets ride, lets ride, lets ride
