That Someone Far From Home Said To Me  
I Can Tell, Luck Has Run Dry, What Do You See?  
The Sky Above's Kind Of Brocken And Torn  
And Every Rose Plucked From My Hearts Twisted With  
Thorns  
And Just When I Think I'm On Top I Wonder How  
I'll Get Back Down  
And Just Then The Moment Is Lost, I Stumble And I Hit  
The Ground  
And I Just Wanna Feel A Little Safer, Yeah I'm On My  
Knees  
And I Don't Wanna Deal With All This Later, The Pain I  
Just Can't Take  
And I Just Wanna Feel A Little Safer, Yeah I'm On My  
Knees  
And I Don't Wanna Deal With All This Later, Just  
Drifting On The Breeze  
That Someone In My Head Said To Me, I Can Tell  
Deep In Your Heart You'll Find What You Need  
Wasted Time Building Castles With Sand  
And Everynight I'll Watch Them Fall And Slip  
Through My Hands  
And Just When I Think I'm On Top I Wonder How  
I'll Get Back Down  
And Just Then The Moment Is Lost, I Stumble And I Hit  
The Ground  
And I Just Wanna Feel A Little Safer, Yeah I'm On My  
Knees  
And I Don't Wanna Deal With All This Later, The Pain I  
Just Can't Take  
And I Just Wanna Feel A Little Safer, Yeah I'm On My  
Knees  
And I Don't Wanna Deal With All This Later, Just  
Drifting On The Breeze
