[from Something To Remember Me By]  
My heart it is eternal  
And my soul it often flies  
You can see it in the evenings soaring through the  
skies  
And it takes me close to madness  
Though it never really tries  
I've crossed a million rivers  
And I've walked a million miles  
I've kissed a holy angel and I've tried to show some  
style  
I never even questioned  
How I know it's all worthwhile  
But I'm gonna make it through and I'm gonna do it all  
And I'm gonna make it through and I'm gonna do it all  
And I'm gonna make it through and I'm gonna do it all  
I will fall  
My legs they get so tired  
And my head it often screams  
You can hear the thoughts all turning overload of fears  
and dreams  
I don't mind the sting of feeling  
But it burns when I'm empty  
I'll ride the road I've chosen  
And at times I know I'll fall  
I have nothing to lose now so I want to taste it all  
Wintertime in Glendale  
Till the next location calls  
But I'm gonna make it through and I'm gonna do it all  
And I'm gonna make it through and I'm gonna do it all  
And I'm gonna make it through and I'm gonna do it all  
I will fall  
I'm gonna make it through and I'm gonna do it all  
And I'm gonna make it through and I'm gonna do it all  
And I'm gonna make it through and I'm gonna do it all  
I will fall  
I'm gonna make it through and I'm gonna do it all  
And I'm gonna make it through and I'm gonna do it all  
And I'm gonna make it through and I'm gonna do it all  
I will fall  
Well there's no one left but you now babe

Got to say that it's your call  
\*I'm gonna make it through and I'm gonna do it all  
And I'm gonna make it through and I'm gonna do it all  
And I'm gonna make it through and I'm gonna do it all  
I will fall  
(Repeat X 6 to fade)
