R.J. Johnson/B. Lee

Piggy's on the floor, getting some sun

The axe on the wall, isn't the only one

The case in the hall, show to everyone

The lock on the door

\*If you wanna, if you oughtta

If you kinda, shoulda, sorta

If you'd like some, if you'd try some

So you're sure before you buy some

Gotta come to terms with what I've found

The train will pass the loft each night at ten

Phone echoes round the loft at six am

People come and leave the loft every now and then

I love the loft

\*Repeat

Gotta come to terms with what I've found (x 9)

I'll be around (x 4)
