shoot the kids at school / all in a bloody pool
i'll show the teachers too / 'cuz they can't tell me what
to do
* getting C's and D's / saying thanks and please
ya broke the golden rule / yer staying after school
life is real estate / to the ones I hate
the cops say you must refrain / from squattin', drinkin',
and hoppin' trains
drink but don't drink this / it aint beer it's piss
rock the fourty ounce / it's the change that counts
when we get there on the train
we'll get some booze and start again
living in the past / goin' nowhere fast
jesus has a place for me / a life of sin and infamy
droppin out of school / teacher is a fool
*so you run away / livin day to day
doin whatcha wanna do
and what makes you happy too
* fallin prey to drugs / sportin' body bugs
rock the fourty ounce / it's the change that counts
just don't get locked up in jail
cuz no ones gonna have the bail
taking time to break the laws
& then i'll lick my dirty paws
dodging all the lies i'm fed
i'll live my life and then i'm dead
