Come on think now
Don't be a dumbass
Are you in love now?
Or bored in math class
This isn't simple
Don't say it's simple

Don't leave her alone
Don't leave her alone
Don't let her go

Don't leave her alone
Don't leave her alone
Don't let her go

Don't let her go
Take her by the hand if you have to
Don't leave her alone
Don't let her go If you know what's good for you and
her
What's good for you and her

She plays the game and
Has guys on their knees
But what do they know
She's just a big tease
She isn't worth it
Don't say she's worth it

Don't leave her alone
Don't leave her alone
Don't let her go

Don't leave her alone
Don't leave her alone
Don't let her go

Don't let her go
Take her by the hand if you have to
Don't leave her alone
Don't let her go If you know what's good for you and
her

What's good for you and her

Take her by the hand if you have to let her go
Take her by the hand if you have to let her go
Take her by the hand if you have to let her go

Don't leave her alone
Don't leave her alone
Don't let her go

Don't leave her alone
Don't leave her alone
Don't let her go

Don't let her go
Take her by the hand if you have to
Don't leave her alone
Don't let her go If you know what's good for you and
her
What's good for you and her

Don't let her go
Take her by the hand if you have to
Don't leave her alone
Don't let her go If you know what's good for you and
her
What's good for you and her
