Say you're looking for a place to go
Where nobody knows your name
You're looking for oblivion
With one
Eye on the hall of fame

I don't wanna face it oh no
I don't wanna face it no no no no
Well i can dish it out
But i just can't take it

Say you're looking for some peace and love
Leader of a big old band
You wanna save humanity
But it's people that you just can't stand

I don't wanna face it oh no
I don't wanna face it no no no no
Well i can sing for my supper
But i just can't make it

Well now you're lookin' for a world of truth
Trying to find a better way
The time has come to see yourself
You always look the other way

I don't wanna face it oh no
I don't wanna face it no no no no
Well i can see the promised land
And i know i can make it!

I don't wanna face it i know
I don't wanna face it oh no
I don't wanna face it oh no
I don't wanna face it

I don't wanna face it

I just can't face it no more
Every time i look in the mirror
I don't see anybody there
