I've known some painted ladies that sparkled in the
light

Country girls that loved a lover's moon
Some I never really knew though I always wanted to
Some I only met once in a room

Some said they liked my smile others of them stayed a
while

While others left me on the run
This is the only way only way I have to say
Mmm, I loved them everyone

Big, little, short or tall wish I had kept them all
Mmm I loved them everyone
Like to thank them for their charms and holding me in
their arms
And I hope they had some fun

Here's to the ladies in saloons and living rooms
Summer nights that lasted until dawn
Here's to the memories everyone's a part of me
Oh I loved them everyone

Big, little, short or tall wish I had kept them all
Mmm I loved them everyone
Like to thank them for their charms and holding me in
their arms
And I hope they had some fun

Big, little, short or tall wish I had kept them all
Mmm I loved them everyone
Like to thank them for their charms and holding me in
their arms
And I hope they had some fun
